Search Tips
Adjacency Multiple words are searched together as one phrase.
Example : world health organization
Wildcards Words may be right-hand truncated using an asterisk, '*' for 1-5 characters, '?' for open-ended truncation, '?' to replace a single character anywhere within a word.
Examples : environment* polic*, inter*, wom?n
Boolean Operators Use "and" or "or" to specify multiple words in any field, any order. Use "and not" to exclude words.
Example : stocks and bonds
Example : (alaska or canada) and (adventure and not vacation)
Proximity Operators Use "near" to specify words close to each other, in any order.
Example : california near university
Field limits A field limit causes the system to search only the specified field for the specified word(s).
Grouping Keyword search results are usually grouped by relevance to bring the most likely titles to the top of the list. Each group represents a similar level of relevance and results are sorted within the group by date or title. To get an ungrouped result set, use boolean operators to form a complex query.

How do I take books out? UB Card

Library consortium loans (PUC)

<http://crai.ub.edu/en/crai-services/loans/loans-puc>

The PUC is a **free** loan service through which users can request and borrow items from another library in the Consortium of University Services of Catalonia (CSUC).

How to request an item:

- In person, at the library that holds the item: **PUC in situ**.
- Online, using the **PUC web portal**. Watch the [video](#)

Where to return items:

- To any CRAI library.
- To any of the libraries linked to the institution that holds the item.

Information resources

The University of Barcelona CRAI provides access to a series of information resources intended to meet the varied needs of its users:

Search tools

The *Library Catalog* and *ReCercador+* enable you to search for books, specialized journals, databases, web and thesis resources, among other types of documents.

	<p>To locate and access all kinds of documents available in libraries (books, journals, electronic resources, audio recordings, videos, multimedia, etc.) and an extensive early collection (manuscripts, incunabula, parchments, engravings, books printed from the sixteenth century to 1900).</p> <p>Keyword <input type="text"/></p> <p>Entire collection <input type="text"/></p> <p><input type="button" value="Cerca"/></p>
	<p>A single access point to a range of different electronic resources. This can be used to find journals or other electronic documents by searching just one central database and accessing the full text if it is available.</p> <p>Introduce the search term: <input type="text"/></p> <p><input type="button" value="Cerca"/></p>

S@U, User Support Service

<http://crai.ub.edu/en/crai-services/sau>

A 24x7 online information and reference service manned by specialized librarians, who can answer any doubts you have about the CRAI libraries and the full range of services and resources.

S@U is also the channel for delivering your complaints, suggestions and messages of thanks!

User training

<http://crai.ub.edu/en/crai-services/user-training>

Advanced training courses are available to users who wish to improve their knowledge and search skills; for example, courses on specialized databases or the Mendeley reference manager.

Information about scheduled training courses is available on the CRAI Web, and personalized courses can be arranged on request.

Independent learning resources are available on the CRAI web.

Thematic guides

<http://crai.ub.edu/en/about-crai/libraries>

A **selection of resources** related to the University's different teaching and research areas: databases, books and e-journals, handbooks and more...

The full list can be found under **"Collections"** on the Mathematica and Computer Science CRAI Library web page.
