

► Welcome to the Pavelló de la República!

In 1996, the CRAI Pavelló de la República Library joined the UB Learning and Research Resources Centre (CRAI). Nowadays, it is one of the world's leading archival libraries on subjects such as the Second Spanish Republic, the Spanish Civil War, exile, the Franco regime, and Spain's transition to democracy.

In addition, the Library has important materials on the Soviet Bloc and the international political history of the XX century history, in particular of the Second World War.

► Monographs and pamphlets

The collection contains approximately 150,000 titles.

► Periodical publications

More than 10,000 titles from the end of the XIX century to the present, in particular of the Second Spanish Republic, the Spanish Civil War, and exile. The collection also contains significant political press and underground union materials from the Franco period and the transition to democracy. These include the publications of political parties, trade unions, and neighbors' associations.
