**SERVICES**

http://crai.ub.edu/en/crai-services

**Loans**

Document loans allow you to consult CRAI books outside the University premises during a specific period of time. Present your UB card or another identity document to use this service. Conditions and loan periods vary according to each document and user. The books use the following label system:

- **White label**: a loan of up to or exceeding 21 days, depending on the user
- **Green label**: recommended bibliography for degree courses, 10-day loan
- **Yellow label**: weekend loan
- **Red label**: not on loan

You can take out and return documents at any loan desk of any CRAI Library, regardless of their library of origin.

*My account* is a personal space where you can reserve and renew loan items.

**Laptop loans**

The library offers a number of laptops for use on the premises. The loan period for each laptop is 4 hours. This period can also be extended.

**Library consortium loans (PUC)**

PUC is a free service entitling users of libraries in the Consortium of Academic Libraries of Catalonia (CSUC) to request and borrow items from other libraries in the Consortium.

**Interlibrary loans (PI)**

The interlibrary loan service can be used to locate and obtain the original or a copy of any kind of document that cannot be found at the CRAI and that is not available at other Catalan universities through the PUC. It also centralizes the loan of UB items to other institutions. This is a paid service.

**Equipment and facilities**

- **Computer room with 35 computers**
- **2 computers, one of them with a reading and writing support program (ClaroRead)**
- **1 room for group work**

Reserve a group work equipment through *My account*.

**Wi-Fi and Eduroam**

The Wi-Fi service offers Internet access to all UB members. The users of other institutions in Eduroam can also make use of it.

**User training**

http://crai.ub.edu/en/crai-services/user-training

User training courses are designed to provide information about the CRAI, its libraries and its services and information resources, which are available to the university community.

**Citations and reference management**

We provide information and examples of how to cite documents in a bibliography. Mendeley is a reference and citation manager which has the advanced characteristics of a social network and includes commercial databases, the institutional repository and the CRAI catalogue.

**Virtual Campus**

This is a virtual platform for teaching support. In CRAI libraries we can help you learn to use it.

**Information and support**

Staff can help to answer a wide range of queries about services and information resources.

- Requests for bibliographic information
- Support for teaching
- Support for research
- Guidance and advice on copyright, intellectual property and open access
- Services for users with specific needs

**User Support Service (S@U)**

http://crai.ub.edu/en/crai-services/sau

The online User Support Service (S@U) provides answers to questions about the CRAI Libraries, their services and resources. The S@U can also be used to lodge complaints, make suggestions and express an opinion about the service.

**INFORMATION RESOURCES**
