Searching for information

From the CRAI UB it's possible looking for different resources, some of them:

Cercabib: It's a catalogue which gets the collections of all CRAI UB libraries and it is also included in the CCUC:

Online Repositories: Dipòsit Digital UB, RCUB, RACO, TDX...

Databases: ARAS, JSTOR Arts and Science, Art&Architecture Source

For searching information you use the search parameters:

In all of these resources we can search by author, document title, subject, publisher, publication year...

And all of them let us "refine" the results that we've got in our search.
