## SERVICES

<http://crai.ub.edu/en/crai-services>

### Loan

Document loans allow you to consult CRAI books outside the university premises during a specific period of time. Present your [UB card](#) or another identity document to use this service. Conditions and loan periods vary according to each document and user. The books use the following label system:

- ◆ **White label:** a loan of up to or exceeding 21 days, depending on the user
- ◆ **Green label:** recommended bibliography for degree courses, 10-day loan
- ◆ **Yellow label:** weekend loan
- ◆ **Red label:** not on loan

You can take out and return documents at any loan desk of any CRAI Library, regardless of their library of origin.

[My account](#) is a personal space where you can reserve and renew loan items.

### Library consortium loans (PUC)

[PUC](#) is a free service entitling users of libraries in the [Consortium of Academic Libraries of Catalonia](#) (CSUC) to request and borrow items from other libraries in the Consortium.

### Inter-library loans

This [pay-to-use](#) service allows to find and provide documents—or document copies—which are not in CRAI UB.

### Laptop loans

The library offers a number of laptops for use on the premises. The loan period for each laptop is 4 hours. This period can also be extended.

### Group work rooms

The library has two group work rooms, each with a computer. Reserve a group work room through [My account](#).

### Wi-Fi and Eduroam

The Wi-Fi service offers internet access to all UB members. The users of other institutions in Eduroam can also make use of it.

### Copy and reproduction services

The library has one scanner and two black and white photocopy machines. The documents have to be sent from the computers in the library.

### User training

Training sessions are organized for users of library services and resources. There are also specific sessions for some subjects.

### Citations and reference management

We provide information and examples of how to cite documents in a bibliography. Mendeley is a reference and citation manager which has the advanced characteristics of a social network and includes commercial databases, the institutional repository and the CRAI catalogue (Cercabib).

### Virtual Campus

This is a virtual platform for teaching support. In CRAI libraries we can help you learn to use it.

## Information and support

Staff can help to answer a wide range of queries about services and information resources.

- ⇒ Requests for bibliographic information
- ⇒ Support for teaching
- ⇒ Support for research
- ⇒ Guidance and advice on copyright, intellectual property and open access
- ⇒ Services for users with special requirements

### User Support Service (S@U)

<http://crai.ub.edu/en/crai-services/sau>

The online User Support Service (S@U) provides answers to questions about the CRAI Libraries, their services and resources. The S@U can also be used to lodge complaints, make suggestions and express an opinion about the service.

## INFORMATION RESOURCES

<http://crai.ub.edu/en/information-resources>

**Cercabib** is the University of Barcelona CRAI's discovery tool, which allows you to search simultaneously through the entire CRAI collection, regardless of the format, type or location of your chosen item: paper and electronic copies of books, journals, magazine articles, doctoral theses and audio-visual materials, physically located in one of our CRAI libraries or stored on a UB or external server.

### Accessing UB electronic resources

<http://crai.ub.edu/en/crai-services/resources-online/proxy>

The E-Resources Access Service (SIRE) provides access to electronic information resources that are subscribed to by the UB's CRAI. It is aimed at teaching and research staff, UB students and administrative and service staff.
