REMAINING UNTIL

**ORCID-CASRAI
Joint Conference &
Codefest, May 2015**
Universitat de Barcelona

[Register Now!](#)

ORCID and CASRAI (Consortia Advancing Standards in Research Administration Information) are pleased to present a joint outreach conference and codefest, in Barcelona, Spain, on May 18 and 19, 2015.

Both ORCID and CASRAI hold annual large-scale meetings each year: The ORCID Outreach Meeting and the CASRAI ReConnect conferences. This year, we have decided to hold a combined event, bringing our communities together to explore the latest issues and innovations in research information, scholarly communication and associated standards for interoperability. We would like to invite you to join us for this event, kindly hosted by the Universitat de Barcelona.

The conference theme is:

Research Evaluation, with an emphasis on emerging practice in the Humanities and Social Sciences

This two-day conference will be a mix of invited and submitted presentations and discussion sessions. To find out more about submitting a presentation or poster, please see our Call for Papers. We can guarantee you two fascinating days of discussion with a mixed group of the interested and the expert in one of Europe's most beautiful cities.
