Banksy

- Anonymous England-based street artist, vandal, political activist, and film director. His satirical street art and subversive epigrams combine dark humour with graffiti executed in a distinctive stenciling technique.

Donut holes

- Tahani, 'Look, I made donut holes'
- Doughnut = dough + nut
- Dough: pastry mixture
- Nut: small rounded cake or cookie (believed to come from 'nought' = zero)
- So, a donut is actually a nut of fried dough which might be called doughnut holes.

Tahini

- Paste made from sesame seeds used as a condiment of baba ganoush and hummus
