

Gemma Avenoza

Appendix (Complete version). Timeline of the documents related to Monastery of Santa María de la Sisle and to Gonzalo de Ocaña and their archival references.

25/05/2020

This document presents the full version of the Appendix that accompanies the article:

Gemma Avenoza, “The Old Testament In Translated Patristic Works: Ezek 1–4.3 And 40.1–47 in Fr. Gonzalo De Ocaña’s (1442) Spanish Translation of *Homiliarum in Ezechielem Prophetam Libri Duo* By Pope Gregory I”, *Medieval Encounters*, (Translating Sacred Text in Medieval and Early Modern Iberia, ed. Katarzyna Starczewska y Sinem Erylmaz), 26/5 2020 (en prensa)

Through the chart, it is possible to follow the changes in the key positions of the organization of the Hieronymite monastery of Santa María de la Sisle (prior, vicar, procurators and butler) and the names and ranking of the professed monks that normally appear in the documents by order of time spent in the order.

We have also included a documentary reference to the time in which the prior of the Sisle, Gonzalo de Ocaña, occupied the dignity of General of the Order and, therefore, served as prior of the monastery of San Bartolomé de Lupiana. He was replaced as prior of the Sisle monastery by Fr. Juan de Burgos.

The chronological series begins with the first document located in the archives examined, dated March 6, 1475; and it ends with a document dated March 14, 1494. In the AHN there are documents after this date related to the Sisle monastery, but the ones shown in this appendix are explicit enough to allow, on the one hand, to document the life of Fr. Gonzalo de Ocaña as a Hieronymite friar and, on the other, to highlight the prior changes in the monastery and its chronology.

The position that a friar occupies in documents is fundamental in understanding how responsibilities were distributed within the monastery. It confirms how maturity and years in robes were fundamental elements for a friar to be entrusted with an office, especially those offices that involved movement outside the monastery walls (such as that of procurator) or that implied that he exercised the functions of the prior when he was absent from the monastery (like that of vicar).

Abbreviations:

P = Prior; R = Procurador; B = Butler; R & B = Procurator & butler; P & R = Prior and procurator; V = Vicar (always relative to Monastery of Santa María de la Sisle). GO = General of the Hieronymite Order. Other abbreviations: (L) = Layman; (or.) = original; CR = Monastery of Corral Rubio; AGP *Capítulos* = Madrid, Archivo General de Palacio, Patronatos de la Corona, San Lorenzo, Legajo 1790/1 (= 135/1 particular del fondo), *Capítulos de la orden de san Jerónimo*; AGP *Constituciones* = Madrid, Archivo General de Palacio, Patronatos de la Corona, San Lorenzo, Legajo 1790/1 (= 135/1 particular del fondo), *Constituciones de la orden de san Jerónimo*; AHN Clero = Madrid, Archivo Histórico Nacional, Clero Regular-Secular; AHNN = Toledo, Archivo Histórico Nacional, Sección Nobleza.
