

## Family perceptions survey

This survey is part of a project funded by the Catalan Agency for Development Cooperation (ACCD) and led by the ESBRINA research group (University of Barcelona) and aFFaC (Federated Associations of Families of Students of Catalonia).

The survey aims to find out the opinion of families on the use of Educational Digital Platforms developed by technology corporations such as Google, Microsoft, Amazon, etc., to manage learning activities in Catalan public schools and institutes.

The questionnaire can be answered by mothers, fathers, and legal guardians of students from and beyond the first year of primary school in public schools and institutes in Catalonia. If you have more than one student in the household with these characteristics, **please base your answers on the experience of the eldest.**

Your **participation will be anonymous**, and the information you provide will be used only for academic purposes.

The entire questionnaire will take between **5 and 10 minutes**, thank you very much!

The **data** collected in this questionnaire will be **anonymous and confidential**, ensuring that you cannot be identified at any time. Your answers will be associated with a self-generated identification number and will only be accessible to research participants. The coding and analysis files derived from the data collected from all the studies will be used solely and exclusively for scientific purposes and they will not be passed on to third parties.

If you wish to leave the questionnaire you can do so at any time by simply closing the browser tab. All incomplete questionnaires will be deleted from our databases to guarantee your right of withdrawal.

The ESBRINA research group and aFFaC undertake to respect the current legislation on protection and confidentiality in the processing of personal data, in accordance with the provisions of Regulation (EU) No. 2016/679 of the European Parliament and of the Council of the European Union. 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of individuals about the processing of personal data and the free movement of such data and repealing Directive 95/46/EC (General Data Protection Regulation, GDPR ([External link](#)) and the Organic Law 3/2018 of 5 December on the protection of personal data and guarantee of digital rights (LOPDGDD).
