

### • Virtual campus

<https://campusvirtual.ub.edu/>

It is the UB's online learning platform where users will find recommended readings for courses, reference works, online exercises and complementary learning materials.

### • Information and user support

CRAI libraries provide support for teaching and research; advice on: author's rights, intellectual property, open access, citation and bibliography management, etc.

### • User training service

<https://crai.ub.edu/en/crai-services/user-training>

CRAI libraries offer scheduled or customized training courses and self-learning materials about the use of resources and services we provide.

### • Collaboration grants

<http://www.ub.edu/monub/>

Every year, the UB publishes a call for grants to collaborate with the CRAI libraries. Grants are aimed at students of any bachelor's degree, first or second cycle, master's degree or doctoral degree course.

### • User Support Service, S@U

<https://crai.ub.edu/en/crai-services/sau>

It is an online information service that enables users to submit any question, complaint, suggestion or acknowledgement related to the CRAI libraries. The service is available 24 hours a day, 7 days a week.

## Information resources

### • Cercabib

<https://cercabib.ub.edu/>

Cercabib is the University of Barcelona CRAI's discovery tool. It enables users to search for any item simultaneously in the entire CRAI collection, no matter the format, type or location. Jointly with SIRE gives access to the electronic resources subscribed by the CRAI.

### • Access to online services: SIRE

<https://crai.ub.edu/en/crai-services/resources-online/proxy>

The E-Resources Access Service (SIRE) enables users to access to electronic information resources contracted by CRAI, from a computer/client/device inside or outside the UB network. The UB user identifier is needed.

### • Usernames and passwords for accessing services and resources online: <https://crai.ub.edu/en/crai-services/resources-online/authentication>

### • Digital repositories

Repositories collect digital copies in open access of the scholar, scientific and institutional activity of the UB and other cooperative institutional repositories.

<https://crai.ub.edu/en/information-resources/online-repositories>

BiPaDi is the UB's digital heritage library. <https://bipadi.ub.edu/>

l'Aprenentatge i la Investigació

## Presentation

The **Physics and Chemistry CRAI Library**, along with the rest of the University of Barcelona's libraries, becomes a part of the **Learning and Research Resources Centre (CRAI)**, which was created to meet the needs coming from teaching and research activities of the University members.

It supports the studies taught at the **Faculty of Physics** (Physics, Electronic Engineering and Telecommunications and Physics + Mathematics) and at the **Faculty of Chemistry** (Chemistry, Chemical Engineering, Materials Engineering and Business Administration and Management + Chemistry).

## Collection

The Physics and Chemistry CRAI Library collection contains: monographs, periodicals, information and reference works (in physical and electronic format), specialized databases and audiovisual material. It includes, as well, its historical and digital collections.

Access to consultation of the collections is free.

The printed collection is distributed over two floors.

## Services

### • Loan

<http://crai.ub.edu/en/crai-services/loans>

The document loan service can be used to consult CRAI materials outside of library premises for a certain period of time according to the type of user and loan. To use this service, you must hold a UB Card or another document that indicates your entitlement to loan items.

By logging into *My Account*, you can consult the catalog, renew loans, reserve items and check your reading record.

### • Library consortium loan or PUC

<https://crai.ub.edu/en/crai-services/loans/loans-puc>

PUC is a free loan service that enables users to request and borrow items from another library of the Consortium of University Services of Catalonia (CSUC). The document request can be done *in situ* or via web directly through the Cercabib, selecting the CCUC/PUC option in the drop-down menu.

### • Interlibrary loan

<https://crai.ub.edu/en/crai-services/loans/inter-library-loans>

The interlibrary loan service enables users to obtain documents from external centres to the UB and which are not available through the PUC service.

### • Laptop and group workroom loan

<https://crai.ub.edu/en/crai-services/loans/ub-equipment>

Laptops, group workrooms, a single-user room for videoconferences and a reserved room for teaching staff are available for UB members. Laptops can't be taken outside the Library facilities.

### • Digital copy service

<https://crai.ub.edu/en/crai-services/copying-printing/copies-photocopies>

UB members can request free digital copies of articles of printed journals subscribed by the CRAI UB that are not in their faculty or available online.

### • Wi-Fi area and Eduroam network

<https://crai.ub.edu/en/crai-services/resources-online/wifi-eduroam>

Wi-Fi service enables UB users the connection to Internet. Visitors from external institutions of the Eduroam network, as well as UB users, can access to Internet through Eduroam in a simple and safe way.
